## CAREER OBJECTIVE

To leverage my knowledge and empathy to build products that emphasize to strike the perfect balance between business objectives and user centrality.

## PROFESSIONAL EXPERIENCE

### Gartner

Research Consultant

September 2017–Present

Was hired as the first member of the digital design team of Gartner's India CoE. Inducted stakeholders across the globe with design thinking practices; conducted ideation session, prepared storyboards, information architecture, user flows, UI mockups and prototypes.

### Grapes Digital

Senior UI/UX Designer

April 2016–August 2017

Positioned as the lead of UX design team, my role was focussed on incorporating product design best practices, overseeing and assigning design activities to subordinate designers, and running full scale design projects right from user research to design handovers.

### Tata Consultancy Services

Systems Engineer

April 2014–April 2015

Secured assignment with a major American banking client as a full-time UX designer, where I supervised and trained freshmen designers, and reviewed their work. Trained in Instructional Design and drafted design courses using Adobe Captivate for inducting new designers and developers into the team.

Assistant Systems Engineer

April 2013–April 2014

Cross-trained to transition into a completely design-oriented role. Utilized my knowledge of software development process and practices to proactively enhance the design team's deliverables to match the development team's requirements and expectations.

Assistant Systems Engineer (Trainee)

January 2012–April 2013

Joined as a freshman and secured training in Mainframes development with exceptional post-training assessment scores, whereupon I was assigned to work for a major Canadian financial services company.

## EDUCATIONAL QUALIFICATION

### Bachelor of Engineering

Hitkarini College of Engineering & Technology

Computer Science

2007–2011

### Higher Secondary Examination

N. S. N. Matriculation Higher Secondary School

Mathematics • Computer Science

2006–2007

## CERTIFICATIONS & COURSES

### Human-Centered Design Certificate

The Design Lab—UC San Diego • Coursera

February 2018

## INTERESTS & HOBBIES
